Most Improved Athlete

Athletes receive recognition for achieving their personal PB's in all Events. Athletes must have a minimum of 15 PB's to qualify. The Athlete with the most PB's in their Age Group will be awarded with the Most Improved Trophy. In the event of a tie, the tie will be broken and the trophy awarded to the athlete who achieves the most PBs per eligible competition day that they participated in throughout the season.

Note: Joondalup Challenge – held at the WA Athletics Stadium – is not an eligible competition day for the purpose of achieving eligible PBs for the Most Improved Trophy.

Example in the Event of a Tiebreak:

A	B	C	D	E
Name	Total Eligible Season PBs	Total Events Participated	Total Competition Days Participated	B / D
George	34	48	10	3.4 PBs per day
Harry	34	39	11	3.1 PBs per day
Bob	34	53	12	2.8 PBs per day

Therefore in this example George would be awarded the Most Improved Trophy.
